

# Autumn

Below you will find some ideas for activities based around Autumn.

## SOLE

What is Autumn?

Research Autumn and write down as many ideas as you can find to answer the question. Think about what it is, why it happens and what we may need to do to prepare e.g. clothing.

## Art

Create an Autumn picture.

What colours and textures should you use and why?

Could you do some rubbings of bark and leaves? Have a look at the different patterns on the items.

## Science

Research hedgehogs, nocturnal animals and hibernation.

Display your findings as a leaflet, a poster or a presentation.

## Culture

Autumn is a time for harvesting the crops and a time for celebrating what we are thankful for.

Write some sentences about what you are thankful for and why.

## PE

Try and create a short dance routine which represents what Autumn means to you. For example, to represent halloween you could use the song *Ghostbusters* or *Monster Mash*.
