

## Phonics

Please refer to your child's Phonics Learning Log to find out which phonemes have been covered to date. The following activities can be completed with any of the phonemes taught so far.

- Go on a hunt around your house to see what things you can find that start with 's' 'a' etc.
- Practise writing letters in salt, glitter or sand.
- Make your own flashcards with the letters you've been taught so far. Ask a grown up to hide these around your house and then go and find them. Make sure you practise saying each letter sound when you find them!
- Explore the Phonics Play website and have a go at some of the games, one of our favourite games to play in school is 'Buried Treasure'. <https://www.phonicsplay.co.uk/resources/phase/2/buried-treasure>
- Watch the Jolly Phonics Videos on youtube and teach your grown ups the songs. <https://www.youtube.com/watch?v=qTqfptkcpcY>
