23rd September 2021

Home Learning Trial September 2021

Due to the success of implementing Its Learning during lockdown, we are now excited to launch Home Learning via this platform. This will be a trial for the next few weeks, starting this **Friday 24th September**. After which, we will review and evaluate its success.

Each Year group has their own 'Home Learning Course Page' which can be accessed using their Its Learning login details. Please see your child's class teacher if you are unsure what these are. Home Learning may look slightly different depending on the Key Stage your child is in, so please see further information below. As Home Learning is not compulsory, children are not expected to bring in their learning. However, we do encourage you to support your child with these activities, to consolidate their in-class learning.

Foundation Stage

Foundation Stage children do not yet have logins for Its learning, however this is currently in progress. More information about how their Home Learning will look, will follow from Miss Cubbon and Miss Richardson once their accounts have been set up.

Seals

Seals Home Learning will be uploaded on to Its Learning every Friday and consist of a range of activities and ideas to help you support and consolidate your child's development. There will also be links to useful websites and apps for you to use with your children.

KS1 - Year 1 and 2

Home Learning in KS1 will be uploaded to Its Learning every Friday and consist of:

- Maths videos and activities based on the in class learning from that week.
- Phonics codes which have been covered that week.

There will also be some "Learning Extras" and "Useful Websites" for the children to access other areas of our curriculum and a variety of supplementary activities. As always, we would also encourage you to read with your child every night.

KS2 - Year 4, 5 and 6.

Home Learning in KS2 will be uploaded to Its Learning every Friday and consist of:

- Maths Fluency questions based on what has been taught that week or previous learning to recap.
- Maths Reasoning or Problem-Solving question that is based on the learning from that week.
- SPaG/Spelling style activity

There will also be some "Learning Extras" which will have links to websites/apps some themed activities, which will change every half term and will also support your child's learning. As always, we would also encourage you to read with your child regularly to support their understanding and practice their spellings and times tables often.

tel: 01624 673465

Answers for the previous week's Maths and SPaG activities will be uploaded the following Friday, alongside the new tasks.

Please note that if your child is currently in Year 3, they are to continue with their 'Phonics Learning Logs' and will begin our new style of Home Learning once these are completed.

Thank you for your continued support.

Senior Management Team
