How many ways can you make 4 using these cards?

You can use the cards as many times as you like.

What colour would the 6th bead in the sequence be?
What colour would the 20th bead in the sequence be?
True or False? The 31st bead would be blue.
How do you know?

I've got 9 tiles. 3 red, 3 blue \& 3 yellow. I put them together to make a square, but I'm not allowed to put 2 tiles the same colour next to each other.
How many ways can you find to do it? Use squared paper to record your results.

Year I Maths Challenge Cards

A teddy bear costs $8 p$ What coins could you use to pay for it?

List the different ways
 you could pay for the teddy bear.

Year I Maths Challenge Cards

 the boxes?
$\star$ I have done 1 way for you. 611

You have 3 boxes and 8 cubes.
How many ways can you put the cubes in
