

Sorting Investigation

Search your house for objects and record how you could sort them into groups. Can you make more than one grouping? Look at the following video to help you with your sorting: <https://whiterosemaths.com/homelearning/year-1/week-1/>

Find objects that you could sort into groups.

For example:

- Food
- Toys
- Pencils

Think about how you could sort your objects.

For example:

- Colour
- Size
- Shape
- Type
- Texture

My sorted objects:

A large empty rectangular box with a black border, intended for the student to draw or describe their sorted objects.
