

Task: Have a go at some of these challenge cards outside.

Outdoor Phonics

Write and hide as many words as you can think of around the outdoor area.

Can you think of 100?

Challenge your friends to find and read as many words as they possibly can in three minutes.

Outdoor Phonics

Hide some of these verbs around your outdoor area. Send your friends to hunt for them. If they find one, they must put it into a sentence in the past tense, such as:

Yesterday I **looked over the fence at my very strange neighbour.**

look want laugh help live

call wash go run say

Think of three long words that you would like to learn how to spell. Use a dictionary to find the correct spellings and practise each word at least five times around the outdoor area. You could write in the sand, on a stone, in chalk on the ground, with a wet paintbrush on a wall and in the mud!
