

**Concept: Length and Perimeter**

Skill: I can measure, compare, add and subtract lengths (m/cm/mm).

SMALL STEP: Measure Length (R) - AMBER

1. Ben and Ciara are discussing the measurement of a plant seed.

Ben

I think a plant seed would measure 6mm.

Ciara

I think a plant seed would measure 70mm.

Who do you agree with? Explain why.

Working out/Answer

3. Sid has measured the fish.

I think the fish is 20cm long.

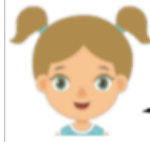

Not drawn to scale

Is he correct? Convince me.

Working out/Answer

Working out/Answer

2. Tia and Seth are discussing the measurement of a book.

Tia

I think a book would measure 25cm.

Seth

I think a book would measure 4cm.

Who do you agree with? Explain why.

Working out/Answer

4. Jen has measured the paper clip.

I think the paper clip is 30cm long.

Not drawn to scale

Is she correct? Convince me.
