

Concept: Length and Perimeter

Skill: I can measure, compare, add and subtract lengths (m/cm/mm).

SMALL STEP: Measure Length (R)

1. Lily and Azra are discussing the measurement of a table in the classroom.

I think a table would measure 20cm.

I think a table would measure 2m.

Who do you agree with? Explain why.

Working out/Answer

2. Joe and Brian are discussing the measurement of a candle.

I think a candle would measure 12cm.

I think a candle would be 7mm.

Who do you agree with? Explain why.

3. Karl has measured the matchstick.

I think the matchstick is 7cm and 6mm long.

Is he correct? Convince me.

Working out/Answer
