

Concept: Fractions

Small Step: Unit and Non Unit Fractions

7a. Match the fractions shown by the shaded or circled sections and find the odd one out. Circle the unit fraction.

3 PS

8a. Complete the table.

Numbers	Words	Fraction of a shape (shaded)	Fraction of an amount
	Four tenths		
$\frac{3}{5}$	Three fifths		
$\frac{2}{3}$			

3 PS

9a. Eugen is playing with his toy animals.

He says,

I can use a unit fraction to represent a proportion of my toys.

Do you agree? Explain your reasoning.
