

Concept: Fractions

Small Step: Unit and Non Unit Fractions

4a. Match the fractions shown by the unshaded or un-circled sections and find the odd one out. Circle the unit fraction.

$$\frac{3}{4}$$

Five out of six

$$\frac{6}{8}$$

$$\frac{1}{3}$$

3 PS

5a. Complete the table.

Numbers	Words	Fraction of a shape (shaded)
	three tenths	
$\frac{1}{6}$		

3 PS

6a. Yussuf is sorting through his clothes.

He says,

I can use a unit fraction to represent the proportion of jeans.

Do you agree? Explain your reasoning.
