Links for children to learn about responsibility.
.

Children need to learn to take responsibility for their actions so that they do not become adults believing that nothing is ever their fault.

After respect and kindness, the most important lesson children need to learn before they leave home is responsibility. An individual with a highly developed sense of personal responsibility is more likely to succeed in school, in the workplace, and in society at large. Having a sense of responsibility is a quality which shows up in every area of life.
People who are responsible do what they say they're going to do. They're the kind of people you can count on to come through for you. You can trust them. Anyone would want them as friends.

Stop Making Excuses & Own Your Actions

We've all heard "She made me do it", "It's not my fault", and " I forgot". These are all excuses so we do not have to take responsibility for our actions. Well, it's time we start owning what we do and taking responsibility for our actions.
